

Darling

Words & Music by Carley Elle Allison

C#m **E** **B** **A**
When I'm alone, sometimes I dream of how it used to be.

C#m **E** **B** **A**
Before I was tested on how strong, how strong I'd be.

C#m **E** **B** **A**
For one day, I woke up to a new reality.

C#m **E** **B** **A**
I start to think is it worth it, putting up with pain.

C#m **E** **B** **A**
The never ending unknown what the next day was going to bring for me.

C#m **E** **B** **A**
There came a day I found out just how serious things could be.

F#m **B** **F#m** **B**
My mama looked at me, wiped her tears and said.

A **E** **D**
Don't shed a tear, my darling.

A **E** **D**
I know that you'll be strong.

A **E** **D**
And don't ever think twice, my darling,

A **E** **D**
you can cry here in my arms.

Darling

A **E** **D**
So, both and Mom and Dad go through this.

A **E** **D**
Why do I have to see my baby girl?

A **E** **D**
And we know you're no ordinary,

A **E** **D**
you're a fighter and you'll fight strong.

C#m **E** **B** **A**
When you got that call you looked at me, tears running down your face.

C#m **E** **B** **A**
The doctor told you that they wanted to try something not so ordinary.

C#m **E** **B** **A**
I sat there in shock with you. And wondered what this would mean for me.

C#m **E** **B** **A**
But three months passed by, but I just wanted my old life back.

F#m **B** **F#m** **B**
My mama looked at me, wiped her tears and said.

A **E** **D**
Don't shed a tear, my darling.

A **E** **D**
I know that you'll be strong.

A **E** **D**
And don't ever think twice, my darling,

A **E** **D**
you can cry here in my arms.
