

I Loved You

Words & Music by Carley Elle Allison

D#m **B/D#** **F#/C#** **C#**
It's hard to see your face, when
D#m **B/D#** **F#/C#** **C#**
it's million, a million miles away
D#m **B/D#** **F#/C#** **C#**
And I can't help think, What if I
D#m **B/D#** **F#/C#** **C#**
told you, I'm still in love with you

D#m **B/D#** **F#/C#** **C#**
Would it break you? Would it take you down?
D#m **B/D#** **F#/C#** **C#**
Would it make you say all that you wanted?
D#m **B/D#** **F#/C#** **C#**
See now that you're standing in
D#m **B/D#** **F#/C#** **C#**
front of me With that look in your eyes
D#m **B/D#** **F#/C#** **C#**
I miss you, I'm sorry It's what I'd say
D#m **B/D#** **F#/C#** **C#**
And I can't believe that it ended like this

D#m **B/D#** **F#/C#** **C#**
I cared about you, oh
D#m **B/D#** **F#/C#** **C#**
I loved you, oh oh
D#m **B/D#** **F#/C#** **C#**
I loved you, oh oh

I Loved You

D#m B/D# F#/C# C#
And I can't express how much
D#m B/D# F#/C# C#
I regret and think, I think back to the day
D#m B/D# F#/C# C#
Where I made that big mistake
D#m B/D# F#/C# C#
Not to trust you or even ask
D#m B/D# F#/C# C#
And it breaks me and it takes me down
D#m B/D# F#/C# C#
And I want to say all that I need to

D#m B/D# F#/C# C#
See now that you're standing
D#m B/D# F#/C# C#
in front of me with that look in your eyes
D#m B/D# F#/C# C#
I miss you, I'm sorry, It's what I'd say
D#m B/D# F#/C# C#
And I can't believe that it ended like this

D#m B/D# F#/C# C#
I cared about you, oh
D#m B/D# F#/C# C#
I loved you, oh oh
D#m B/D# F#/C# C#
I loved you, oh oh

I Loved You

D#m B/D# F#/C# C#
Now is too late,
D#m B/D# F#/C# C#
can't regret it, we did what was best,
D#m B/D# F#/C# C#
and I miss it And I don't how
D#m B/D# F#/C# C#
I will never get you out of my mind

D#m B/D# F#/C# C#
See now that you're standing
D#m B/D# F#/C# C#
in front of me with that look in your eyes
D#m B/D# F#/C# C#
I miss you, I'm sorry, It's what I'd say
D#m B/D# F#/C# C#
And I can't believe that it ended like this

D#m B/D# F#/C# C#
I cared about you, oh
D#m B/D# F#/C# C#
I loved you, oh oh
D#m B/D# F#/C# C#
I loved you, oh oh
